Black Beefmaster Replacement Heifers

10 Head

\$1275

Available Private Treaty Only

This group of heifers is not up for auction today we simply wanted to showcase a classy set of females that deserve their time in the spotlight! We are selling your choice on any number from this group, priced at \$1275. They are the deep, soggy made kind with tremendous thickness and bone. But perhaps our favorite attribute of these ladies is that each one of them will have that white or specked udder! And if history repeats itself, that's the kind that make phenomenal milkers!

Call or text Justin at 979-574-9149 to come out and view these heifers and make your selections or simply put a deposit down to hold all or part of this group NOW!!
